

Using MyChart

Access your medical information online, anytime.

Use “My Medical Record” to:

- Read the medical information your Care Team has written
- Keep track of your medications, lab results, immunizations and more
- Learn about your medical conditions from a trusted source (HealthWise)
- Access tips for staying healthy
- Get a summary of care from your visits to share with specialists outside your Care Team
- Print a card with your medical information to carry with you

MyChart Quick Start Guide

Are You Ready?

To Use MyChart you need:

Internet Access

There are places in the community where you may use a computer if you do not have one of your own.

A Private Email Address

If you do not have an email address, you can get one for free online.

MyChart Activation Code

Ask your Care Team about the different ways to activate MyChart; activation code is case sensitive.

Privacy

MyChart is password protected so others cannot log in to your account and see your information.

www.famhealth.com

Getting Started

There are three ways to sign up.
Ask your Care Team for details.

1. At the health center with an activation code and help from staff.

2. At home with an activation code the health center staff gives you.

Use the activation code from your Care Team, your date of birth and last 4 digits of your Social Security number to register from your home computer. Go to www.famhealth.com and click on the MyChart link.

3. Without an activation code.

Tell your Care Team you want help signing up and do it together.

- Name
- Date of Birth
- Social Security Number

If the information provided matches your Family Health registration **exactly**, you will be enrolled immediately.

**If you're having trouble signing up,
please call us for assistance:**

1-800-942-5330

How Can You Use MyChart?

Use MyChart for:

Health reminders

Health Screening reminders are noted in MyChart. You may also receive reminders from your Care Team.
