

As members of your care team, we will:

- Respect you and your family values and needs.
- Respect your culture and use language you can understand.
- Help you set health goals and create an action plan.
- Track the care you get from other clinicians.
- Ask for your ideas on how we can improve your care.
- Offer appointments at times convenient for you.
- Explain test results and what will happen next.
- Help you get support services when you need them including Behavioral Health, Dental, and WIC.
- Take time to make a personal connection with you.
- Help you plan for and manage any chronic health problems.
- Find specialists when they are needed.
- Use evidence-based medicine.

Appointment Information

- Calling in advance is always best.
- We offer same day appointments for medical only.
- Arrive 15 minutes prior to your appointment for patient paperwork.
- See website for site-specific hours.

For urgent matters after normal clinic hours you can call (800) 942-5330, select your language (#1 for English, #2 for Spanish), then press #3 and an on-call provider will call you back. Please call 911 for all emergencies.

We are here to serve YOU!

What is a Medical Home?

We have made changes to the way we provide care here at FHLC. These changes are based on a model called Patient Centered Medical Home (PCMH).

PCMH is a partnership between you, your family, your primary clinician, behavioral health specialist, dentist, health educator, medical assistant, and other clinical staff working together as a team in caring for your health.

Sign up for MyChart—ask us how!

You can communicate with a Medical Home Team member anytime during normal working hours by calling (800) 942-5330 or sending a clinical message via MyChart.

MyChart can be accessed via your smartphone or computer and offers 24/7 access to your health information.

What else can you do with MyChart?

- Manage your appointments.
- Access your test results.
- Request prescription refills.
- Pay your bill and more.

As a patient of FHLC, I will:

- Choose a primary care provider (PCP).
- Bring all medicines, supplements, and herbal or holistic products I use in their original containers to my appointments.
- Fill my prescriptions on time, use them as prescribed, and tell you of any problems.
- Let you know if I am unable to take medicine or follow my care plan.
- Let you know when I get care somewhere else.
- Help you create my action plan and track my progress.
- Ask you things I do not understand.
- Ask you if I need any tests or shots.
- Ask for supportive services when I need them.
- Tell you how I am feeling and how it affects my life.
- Bring all questions I have to my appointments.

Our mission is to improve the health and well-being of all people in communities we serve.
